

Tribulation: Before & After

Midnight **A Little Season** **7 spiritual years of famine** **The Day and The Hour** **Fire**

8400 days | 23 years

Note: Based on the current Biblical timeline, it appears that in 1988, Satan began to overcome the church. God's Elect (1/3) had also come into this time of judgment **unaware**. In 1994 (Jubilee) the church age ended (Door Shut). Christ is revealed and began the separation of the wheat from the tares. God began to unseal the Bible to His elect and to feed them outside of the corporate body. The 2/3 continue under the **FIRE** of God's judgment. Now because God shortened the tribulation (Mt 24:22) and has allowed for the important feasts related to the end to take place today, we view **2011** as a **shadow year** with the possibility of a literal end. Feedback and correction welcome.
